

Quicken for Windows Conversion Instructions

Direct Connect to Express Web Connect

Introduction

As **CoBiz Financial** completes its system conversion to **BOK Financial**, you will need to modify your Quicken settings to ensure the smooth transition of your data. Please reference the dates next to each task as this information is time sensitive.

To complete these instructions, you will need your User ID and Password for each Financial Institution.

NOTE: **Direct Connect** may require registration. Please contact your financial institution to verify your Direct Connect login information. **Express Web Connect** uses the same User ID and Password as the **BOK Financial** website.

You should perform the following instructions exactly as described and in the order presented. If you do not, your online banking connectivity may stop functioning properly. This conversion should take 15–30 minutes.

Thank you for making these important changes!

This detour symbol indicates instructions in a Task specifically for **Bill Pay within Quicken**. If you do **not** use Quicken to make online bill payments, skip that Task.
